# Logo Design Only

# The Face of your Business

Every Business is seen as an entity that exists outside the owner, it has a life of its own and as such, needs a face that other people or businesses can recognise and remember what it looks like, but most importantly, remember how it made them feel.

We take pride in creating hand crafted Logos that are infused with passion and care, which resonates with those that view, engage or deal with your brand.

# Letterhead Design & Setup in MS Office Word

The Official Voice of Your Business

When you communicate on a Business-to-Business basis or Business-to-Customer basis, you need to use your company's official voice, a Company Letterhead will ensure that your message is clear and your customer/client will know that they are talking to your business.

We prepare Ready-to-use Letterheads that are easy to use, give you peace of mind and ensure that your business' voice is clear and consistent regardless of who is communicating from within your company.

# Business Card Template Design Only

Part of the Elevator Pitch

Your business card is often the first physical impression of your brand. A well-designed card doesn't just share contact details — it communicates professionalism, style, and credibility in seconds. We create custom, modern, and print-ready business card designs that reflect your brand identity and leave a lasting impact.

# A3, A2, A1, A0 Print Poster Design and Layout

Increase your Visibility

To stay top of mind within your chosen audience, you need to stay visible. Large format posters, can increase your business' visibility significantly. Placed in a high traffic location and supported by social or digital communication, results can have a positive impact on your bottomline.

## RATES & SPECIFICATIONS (Excluding Printing)

# Folded Brochure/Leaflet Design and Layout

Package information neatly.

Sometimes, the information you want to communicate contains multiple sections and a simple flyer or poster cannot do the job, this is where a folded leaflet or brochure comes in handy. Packaging the information in sections can greatly improve legibility and allow your audience to digest the information easier.

# Email Signature Template Design and Layout

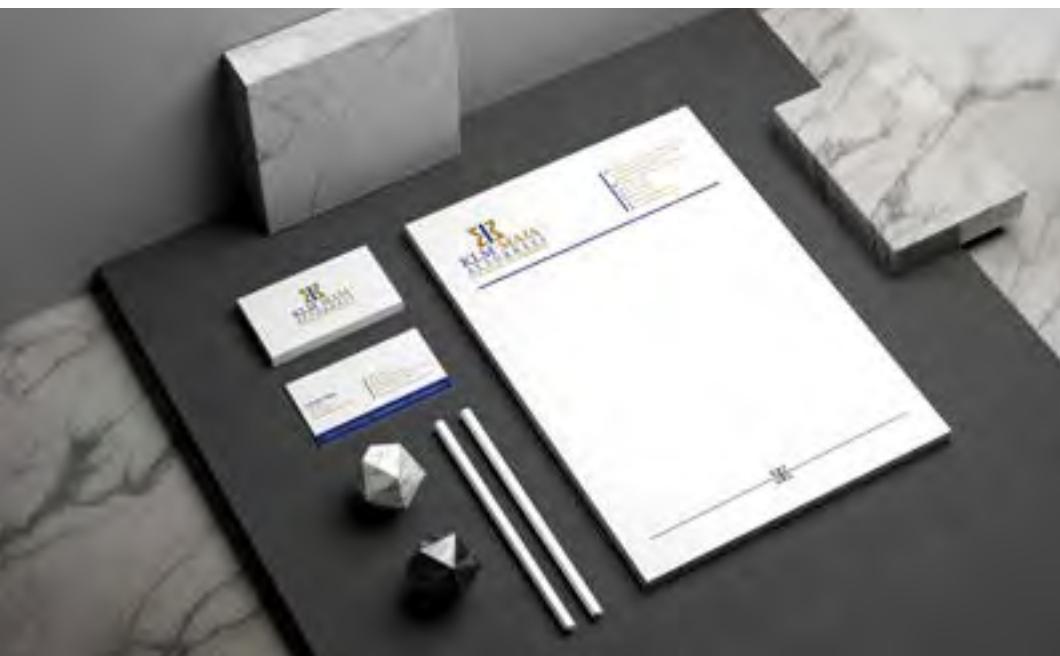

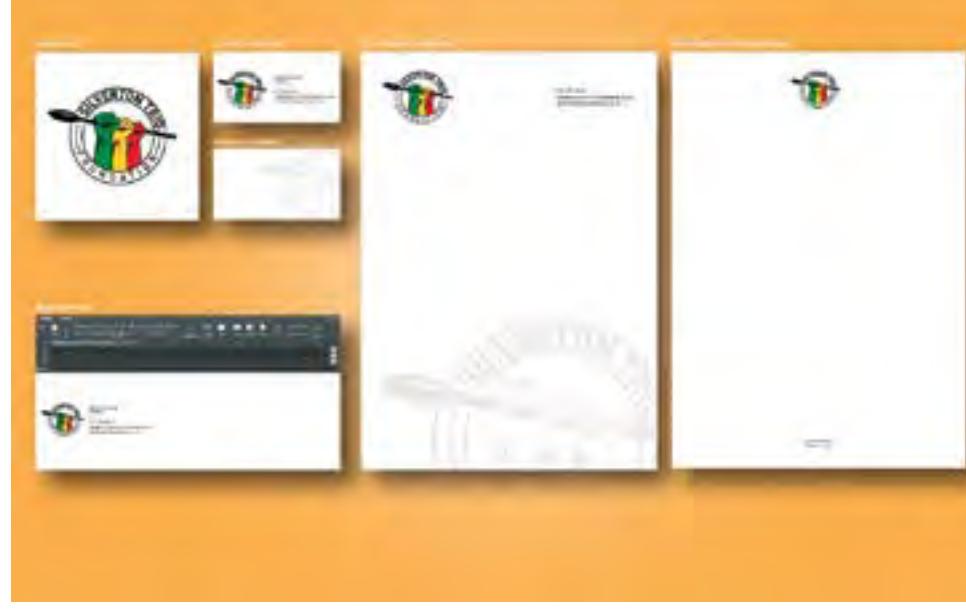

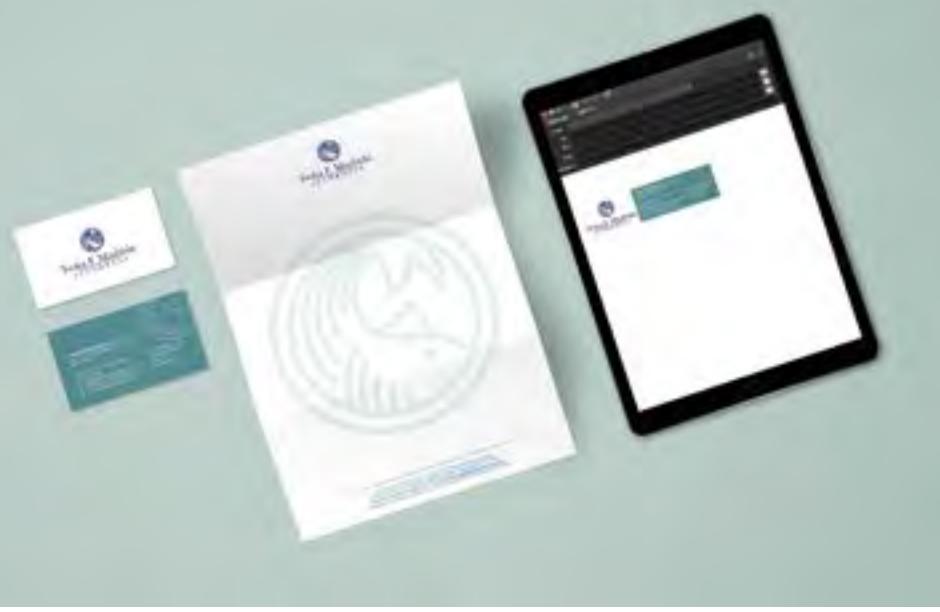

One of your Business Touch Points

We have both a creative and a technical approach to designing and setting up your email signature. Because we believe it must work as well as it looks. We have 2 ways of setting up your email signature, PNG or Active Text. PNG is simply an image format, it allows you to include a link to one destination.

Active Text, is setup to ensure that each link represented in your signature is active and can go to any destination.
